

# Buying a Present

3B Tiger Yuen Tsz Laam

It is Saturday. Rex and Mandy want to buy David a toy car because it is David's birthday. They go to the toy shop.

Mandy asks, 'How much is the blue toy car?'

'It is fifty-five dollars,' says the shopkeeper.

Rex says, 'I have fifty dollars only.'

In the end, Mandy gives five dollars to Rex so Rex can buy the toy car. They feel happy.
