

How My Family Celebrates Christmas

I like celebrate Christmas very much. Every year our family celebrate it happily.

We usually have a big dinner with my mother at Christmas. My mother usually prepares a lot of delicious food for us. She makes a big turkey. It is yummy. Mum and Dad buy me toys. I like cars best. We sometimes have a buffet. I like Christmas pudding best because they look like the sky.

After dinner, we usually go to Central. Mum and I watch Christmas lights. We talk and play happily. We like Christmas trees. They are beautiful.

I like this festival because I enjoy having fun with my family.
