

# My Graduation Camp

We will always remember our Graduation Camp.

Listening to Willy's stories about ghosts was an interesting experience. His stories were funny and scary. Playing games with friends was an enjoyable experience. We played a lot of fun games and we learnt what 'enjoy teamwork' was.

Playing indoor activities was an awful experience. We were very upset and bored. We did not know what to do. Listening to the teacher's speech was a boring experience. We nearly fell asleep and made the teacher angry.

We think we will never forget our Graduation Camp.
