

# Chinese New Year Celebration

by 5A James Chan

My favourite festival is Chinese New Year. Every year our family celebrate it happily.

First we visit my grandma. She prepares a lot of fruit for us. Mum and Dad buy candies for her. Every year my grandma gives my cousin and me red packets.

After that we go to the flower market. I buy a lot of interesting things and watch the show. I feel wonderful.

Finally we eat festive dinner. The food is very delicious. I like this festival because I can buy a lot of interesting things from the flower market.
