

# Making Pancakes

By Cheng Kin Lok, Kelvin 5B

Today is Daisy's birthday. Her sister, Linda, found a recipe for making pancakes. She wanted to make some pancakes for Daisy.

First Linda put the butter, eggs, flour and milk into a mixing bowl. Then she beat them with a fork for five minutes. After that she

heat some oil in the frying pan. Finally she added two spoonful of the pancake mixture to the hot oil and fried for five minutes.

The pancakes smelt wonderful. She put a candle on the pancakes. Suddenly she tripped over because she stepped on a toy car. The pancakes dropped. Finally Linda and Daisy went to a restaurant to celebrate Daisy's birthday. The cake was yummy. They were happy.
