

# Eric's Adventure

They did not know what to do. Then the genie had an idea.' We can ask the wizard for help,' he suggested.

Then they went to Wizard's house. First they crossed the river. Then they climbed the mountain. At last they found the wizard. The wizard was helpful. 'Don't worry. I can help you,' said the wizard. The wizard gave Eric a magic drink. After a while, Eric became his normal size again. He was very happy.

In the end, Eric wanted to learn magic. The genie wanted to improve his magic. They became the wizard's pupils.
