

Chinese New Year

Do you like Chinese New Year? I like it so much! Why? I can get many red packets and celebrate Chinese New Year every year. It is the day that the families get together.

In the Chinese New Year holiday, we usually go to Yuen Long New Year Market first.

Mum and Dad often buy the daffodils and a doll for me. At the family reunion dinner, we sit around the table and there are many dishes, such as fish, chicken, duck and sweet rice balls. They are tasty. After dinner, we watch the firework display on TV. It is brilliant.

On the second day, I get two red packets from my parents. After we finish lunch, my dad teaches me how to ride a bike. It is fun.

On the third day, we go to Tai Tong ECO Park to look at the plants. They are beautiful.

What a wonderful holiday we have! A new year is a new start! I want everything to go well every year.
