

An Accident

They did not know what to do. Then the genie had an idea.
'Let's find a good wizard to help you,' he suggested.

They set off to find the wizard. First they went to the forest but the wizard was not there. Then they went across the river but the wizard was not there. Finally, they arrived at a big castle on a mountain. The wizard lived there.

'I want to be shorter. I am as tall as a giant. Can you help me?' said Eric.

'I think there is a problem. I don't have the ingredients now. Can you find the ingredients for me?' asked the wizard.

Then Eric started to look for the ingredients. The ingredients were eggs, grass and chicken blood.

Eric found all the ingredients and gave them to the wizard. The wizard made a magic potion.

The wizard said the magic spell and put some potion onto Eric's head. They waited for 30 minutes. At last, Eric became normal.

In the end, Eric was back home with the genie. He lived happily ever after.
