

My Older Brother

My older brother is tall and thin. His hands are rough like sand paper. His arms are as thick as a dictionary.

My brother is a student. He is as gentle as a lamb. He is as brave as a lion. He is as strong as an ox. I like him very much because he never shouts at me and when I have problems, he gives me advice.

I love my brother but he is too busy to study. I hope we can spend more time together.
