

School Picnic

by Lau Ka Fai, Fai 6B

The school picnic was our most unforgettable event in Primary 6 and we will not forget it.

Going hiking and watching a lot of beautiful flowers were interesting experiences. Going hiking was so tiring but it was good for our health. Playing with our classmates was enjoyable. We were happy and very relaxed.

Getting hurt was an awful experience. Therefore we should be careful. I was playing games with my classmates when I hurt myself. My teachers came to help me. Sitting on the bus was a boring experience because we had to wait for a long time.

. We will not forget our school picnic in Primary 6.
