

Santa is coming!

Santa Claus from Finland is in Hong Kong for a holiday. He stays in my home. I want to ride on the big reindeer sleigh. I ask, 'Can I ride on your reindeer sleigh?' 'Sure! Giving presents is so much fun!' says Santa Claus. I am very excited because it is my first time to ride on it.

Santa Claus and I go to Tuen Mun to send the Christmas gifts because Tuen Mun is my hometown. We give out some robots and cute dolls.

After sending the gifts, we go to buy two egg tarts because we are very hungry. The egg tarts are very yummy! Then we go to a big clothes shop. Santa Claus wants to buy a pair of black trousers because he feels cold. I want to buy a brown coat because there is only one coat in my family. We are excited and happy.

After that, we go back home. Santa Claus tells me that he is about to go back to Finland. Although I don't want him to leave, I will treasure the memories with him. At last, we sing songs happily.
