

## Good Manners

Wong Lam 5A (21)

We should have good manners at home, at school and in public places!

We should behave well at home. We shouldn't laugh at our brothers or sisters.

We should help one another with our homework. We should not quarrel with one another. It is rude. We should get on with one another.

If you want to be a good student, you need to have good manners at school.

We shouldn't shout at our classmates. We shouldn't be mean to one another. We should share food with one another.

We should behave well in the restaurant too! We shouldn't run in there. We shouldn't eat noisily either. We should speak politely to the waiters. We should talk softly too.

If we have good manners, we will be popular.
