

My Dream Job

I want to be a waitress when I grow up because I think it is a meaningful and interesting job. If I become a waitress, I will serve different people every day.

Waitresses need to be patient so that they can serve people well. They also need to be calm and experienced. They need to work in restaurants and work with other people. It is not easy to get along well with others.

I think this job is suitable for me because I am patient, calm and experienced. I like this job. I hope I can be a waitress when I grow up
