

## Making Pancakes

Lin Ka Huen 5A (14)

Today is Daisy's birthday. Her sister, Linda, found a recipe for making pancakes. She wanted to make some pancakes for Daisy's birthday.

First, Linda put the ingredients into a mixing bowl. Next she beat them with a fork for five minutes. Then she heated some oil in a pan. After that, she added two spoonful of the mixture to the hot oil and fried for five minutes.

The pancakes smelt wonderful. Linda put a candle on a pancake. But when she wanted to show Daisy the pancakes, she tripped over a toy car! It was lucky that Daisy's pancake did not fall onto the floor, but Linda's pancake did. Finally, they ate the pancake together. They felt happy.
