

My Favourite Transport in Hong Kong

Lee Pui Sum 5A (11)

My favourite transport is MTR. I travel by MTR twice a week. I always go to Sha Tin by MTR because I have to go to my parent's home.

I like MTR because it is fast, cheap and comfortable. It takes thirty minutes to go to Sha Tin from my home. It takes one hour to go by bus. The MTR is cool. However it is very crowded on public holidays.

We should be quiet when we are on the MTR. We should not eat or drink on the MTR. We should not run around either. We should keep the MTR clean because we have to be considerate.
