

Making Pancakes

Today is Daisy's birthday. Her sister, Linda found a recipe for making pancakes.
She wanted to make pancakes.

First she put the flour, eggs, butter and milk into a mixing bowl. Then she beat
the mixture the mixture with a spoon for 5 minutes. After that she heated some oil
in the pan. Finally she added 2 spoonfuls of pancake mixture to the hot oil and fried
for 5 minutes.

The pancakes smelt very great. She took them out from the oven. She said, " Oh
no!" She tripped over a toy car. She was sad because the pancakes were Daisy's
birthday presents. Linda said, " I will be more careful next time."

At last, they went to KFC. And they felt very happy.
