

My Mother

My mother is tall and thin. Her eyes are as bright as diamonds. Her hair is as smooth as silk. Her skin is as white as milk. Her fingers are as long as chopsticks.

My mother is a housewife. She is as clever as an owl. She is brave like a tiger. She always helps me with my housework and chats with me all the time!

I love my mother but she is a little bit annoying. She gives me advice all the time! I want to make my own choices. I am no longer a child!

I want to play with my mum more. I love her very much!
