Charity Work

Today my friends and I went to Sunshine Old People's Home. It was big and clean.

We chatted with the elderly people. They were healthy and strong. We played Chinese chess with them. They were smart.

Then my friends and I gave the presents to the old people. There were not enough presents. We felt disappointed. Jackson made cute balloons. We thought Jackson was creative. Everyone liked balloons so much so they said "thank you" to Jackson.

Everyone had fun! We all had a great time. My friends and I hope we can go there again soon.
