My Dream Job

I want to be a policeman when I grow up because it is a meaning job. I can help people and I can catch thieves. If I become a policeman, I will catch a lot of thieves.

Policemen need to be fit and strong. They need to do a lot of exercise so that they can stay fit. Sometimes the thieves may have a gun. Policemen need to be brave and calm too.

I think this job is suitable for me because I am brave and calm. I hope I can be a good policeman some day when I grow up.
