

## Recipe for Making Pancakes

Today is Daisy's birthday. Her sister, Linda, found a recipe for making pancakes. She wanted to make some pancakes for Daisy's birthday.

First Linda read the recipe carefully. She put the flour, butter, eggs and milk with a spoon for at least five minutes. After that she heated some oil in the frying pan. Finally she added two spoonfuls of pancake mixture to the hot oil and fried for two minutes.

The pancakes smelt wonderful and looked so delicious. Linda put the pancake on a plate and then put a candle on the pancake. Suddenly, she tripped over a toy car. 'Oh! No!' Linda shouted. Her pancakes fell onto the floor.

Daisy looked at the pancake and asked 'What happened?' 'I'm so sorry, I will be careful next time.' Linda said. 'It's okay. We can make the cake together.' Daisy said.

At last Linda and Daisy made the pancake together and they felt excited.
