

Eric and the Genie

They did not know what to do. Then the genie had an idea. "Let's find the wizard to help you." he suggested. Eric was worried. He said," Ok! Let's go."

So they climbed up the hill to find the wizard. When they arrived, Eric was shocked. He said, "Oh my god! But I need to change back. Let's climb up." The genie replied," Ok, let's go." After that they climbed for one hour, they were very exhausted.

When they saw the wizard, the wizard was excited and he asked," What happened to you?" Eric said," Can you make a spell to help me change back?" The wizard replied," Let me try."

In the end, Eric became normal and he was happy. He said," I am lucky that I can change back."
