

My Brother

My brother is tall and thin. He is as tall as a mountain. He is as thin as a pen. And he is as fast as a spaceship. His hobbies are swimming and playing chess. His favourite colour is black.

My brother is a university student. He is calm and hard-working. He is good at swimming. I like him because he always takes me to eat yummy food and play games with me.

I love my brother but he is studying in America. I hope I can see him everyday.
